Mitch, Please! Jan 28 2020 The New York Times and Wall Street Journal bestseller about how Mitch McConnell has been bad for Kentucky—and why he needs to be voted out of office from the founder of Kentucky Sports Radio and attorney Matt Jones. They say all politics is local. In 2020, Mitch McConnell will have served five full terms as a US Senator. Thirty years. The Senate Majority leader's power is as undeniable as it is infuriating, and the people of Kentucky have had enough. Led by Matt Jones, they (and they alone) have the power to oust him from office. How did Jones, a local boy turned attorney turned sports radio host come to shine the brightest light on McConnell's ineptitude? Simple—he knows Kentucky inside and out, and has used the state's love of sports as an entry point for showcasing how McConnell has failed

his fellow citizens both economically and socially for three decades. Entertaining, maddening, yet ultimately inspiring, these stories from Kentuckians in each of its 120 counties illustrate the Senate Majority leader's stunning shortcomings. "Jones employs a sharp, political scalpel eviscerating McConnell...[and this book is] an effective combination of description and vivisection" (Kirkus Reviews). Jones brings his trademark wit and wisdom throughout the book, while also offering a beautiful portrait of a state with arguably the most untapped potential in our country. Ultimately, the white-hot hatred for McConnell on the coasts is just white noise. Only the people of Kentucky can remove him from office. Here, Matt Jones demonstrates he has the influence, charisma, and institutional knowledge to lead the charge. He and his fellow Kentuckians have had enough—and they're ready for a fight.

Macroeconomics Jul 28 2022

The Long Game Oct 31 2022 Now in paperback with a foreword by President Donald J. Trump, Senate Majority Leader Mitch McConnell's memoir shows how one of the most successful public figures of our time has worked to advance conservative values in Washington. Under Mitch McConnell's famously quiet and strategic leadership, Republicans in the Senate have seen win after win—from tax cuts and deregulation to major improvements for veterans, farmers, and our national defense. In 2018, President Donald Trump dubbed McConnell "the greatest leader in history"—and even his harshest critics on the Left acknowledge his skill. Now with a new foreword by President Trump and an afterword that details McConnell's friendship with Supreme Court Justice Antonin Scalia, this paperback edition of McConnell's memoir reveals the backdrop of his decision not to fill

Scalia's vacant seat until after the 2016 presidential election. Of this decision, New York Times chief Washington correspondent Carl Hulse wrote that "McConnell not only preserved a Supreme Court seat, he elected Donald Trump president." The years of the McConnell-led Senate have proved that lasting change can only be won by playing the long game. Leading up to the 2020 election, when the system of government our Founding Fathers created will again be threatened by the Left, this book is necessary reading for anyone who wants to avoid repeating the mistakes of our recent past. Studyguide for the Analysis of Algorithms Jun 22 2019 Never HIGHLIGHT a Book Again Includes all testable terms, concepts, persons, places, and events. The US Senate and the Commonwealth Aug 29 2022 Kentucky has long punched above its weight in the US Senate, as some of the nation's most distinguished senators have hailed from the Commonwealth. Despite its relatively small population for much of American history, Kentucky has produced a record two Senate majority leaders, a record three Senate majority whips, and one of the country's greatest lawmakers, Henry Clay. These Kentuckians played an important role in the evolution of leadership institutions in the Senate. Official positions such as Senate majority leader and majority whip are nowhere to be found in the Constitution or early American history, yet today these offices have essentially eclipsed the constitutionally created legislative leadership positions of vice president and president pro

tempore. While Kentucky senators have played a vital role in leading the Senate and in its institutional history, no book has told the story in its entirety. The US Senate and the Commonwealth is the first book of its kind to provide a detailed, yet accessible, discussion of the US Senate's leadership throughout its 225-year history. Senator Mitch McConnell and Roy E. Brownell II weave together the history of the Senate with lively portraits of prominent Kentucky senators as well as firsthand reflections about legislative leadership by a Senate majority leader. The authors illuminate and humanize this discussion by exploring the colorful and vivid lives of fifteen Kentucky lawmakers, including Henry Clay, Alben Barkley, and John Sherman Cooper. This compelling and fascinating study is an essential resource.

The Cynic Sep 29 2022 From a dogged political reporter, an investigation into the political education of Mitch McConnell and an argument that this powerful Senator embodies much of this country's political dysfunction. Based on interviews with more than seventy-five people who have worked alongside Mitch McConnell or otherwise interacted with him over the course of his career, *The Cynic*, which will be published as an original ebook, is both a comprehensive biography of one of this country's most powerful politicians and a damning diagnosis of this country's eroding political will. Tracing his rise from a pragmatic local official in Kentucky to the leader of the Republican opposition in Washington, the book tracks McConnell's transformation from a moderate Republican who supported abortion rights and public employee unions to the embodiment of partisan obstructionism and conservative orthodoxy on Capitol Hill. Driven less by a shift in ideological conviction than by a desire to win elections and stay in power at all costs, McConnell's transformation exemplifies the "permanent campaign" mindset that has come to dominate American government. From his first race for local office in 1977—when the ad crew working on it nicknamed McConnell "love-me-love-me" for his insecurity and desire to please—to his fraught accommodation of the Tea Party, McConnell's political career is a story of ideological calcification and a vital mirror for understanding this country's own political development and what is wrought when politicians serve not at the behest of country, but at the behest of party and personal aggrandizement.

The Long Game Mar 24 2022 "Mitch McConnell likes to say that 'Being Senate

Majority Leader is like being the groundskeeper at a cemetery-everybody is under you, but nobody's listening.' It's a job that rewards his own blend of character traits, which include humility, tenacity, patience, and a focus on long-term results over short-term headlines. Senator McConnell is in the news virtually every day, but he says almost nothing to the press and has, in his words, 'an almost athletic determination to keep my own mouth shut.' His carefully cultivated silence has increased his political power tremendously since he arrived in the Senate in 1985. Now Senator McConnell finally opens up about his life and career, giving readers an intimate look at his personal motivations and political ambitions, as well as offering a peek behind the curtain of how the Washington political machine really operates at the highest levels. Among his many insights, Senator McConnell shares his private thoughts on- His secret formula for deciding how to vote on appointments and major bills. What happened at the dawn of the Obama Administration to poison its relations with Congress. What he really thinks of his Senate archrival, Harry Reid. What President Obama could have and should have learned from Vice President Biden. The falseness behind Hillary Clinton's much-vaunted moderation. What happened during the fights over Obamacare and the government shutdowns. How he deals with impatient colleagues such as Ted Cruz and the Tea Party Republicans in the House. Though the public and most politicians are increasingly impatient for change, Senator McConnell remains committed to a patient approach, having learned over his long career that lasting change can only be won by playing the long game. His book will be an absorbing, revelatory read for political junkies, for anyone who wants to know the real story of what goes on in Congress, and for those who still believe-or need convincing-that the system of government the Founders left us is perfectly suited to addressing the problems of the day. "
